

Material Safety Data Sheet

LEWCO 2025-9480A

Laminated Aluminum Foil/Fiberglass Cloth

SECTION I

Manufacturer's Name: LEWCO Specialty Products, Inc.
6859 Renoir Avenue
Baton Rouge, LA 70806
(800) 221-6414 TX & AR (800) 233-9755
(225) 924-3221 Fax (225) 927-2918

SECTION II – Hazardous Ingredients/Identity Information

Fibrous Glass – 10 mg/cubic meter of air for fiber diameters

SECTION III – Physical/Chemical Characteristics

Boiling Point: Not applicable
Vapor Pressure: Not applicable
Vapor Density: Not applicable
Specific Gravity: 2.5 Average
Evaporation Rate: Not applicable
Solubility in Water: Negligible
Appearance and Odor: Solid in tan to light brown color. No distinctive odor.

SECTION IV – Fire and Explosion Hazard Data

Flash Point: Not applicable
Extinguishing Media: Water, Foam, carbon dioxide, dry chemical
Flammable Limits: Not applicable
Special Fire Fighting Procedures: None
Unusual Fire and Explosion: None

SECTION V – Reactivity Data

Stability: Stable
Conditions to Avoid: None
Incompatibility (Material to avoid): None
Hazardous Decomposition or Byproducts: None

SECTION VI – Health Hazard Data

Routes of entry: Inhalation, Skin, Eyes

Health Hazards: None known

Effects of Overexposure: Transient mechanical irritation of the skin in some persons resulting in transitory dermatitis

Emergency and First Aid Procedures: If inhaled, move to fresh air area. Cleanse skin with mild soap and water at room temperature to remove accumulated fibers. If fibers should get into eyes, cleanse with clear water for 15 minutes.

SECTION VII – Spill or Leak Procedures

Procedures for Released or Spilled Fabric: Vacuum or sweep up dust or loose fibers with aid of a dust suppressant.

Waste Disposal Method: An inert solid waste, dispose of according to local, state and federal laws.

Precautions to be taken in Handling and Storing: Store in dry area.

Other Precautions: Contains binders and additives not to exceed 2.5%. Materials are non-hazardous in form as contained on the fabric. If laminated to aluminum foil, the adhesive level will not exceed 3.1%

SECTION VIII – Special Protection Information

Respiratory Protection: If respiratory irritation occurs, use a respirator designed for nuisance type ducts.

Ventilation: Normal

Protective Gloves: Not recommended for normal use. Skin protective gloves may be necessary for certain workers who experience skin irritation, or dermatitis.

Eye Protection: Safety glasses can be worn as a good safety practice whenever use of the material releases fiberglass.

SECTION IX – Precautions

For maximum comfort, avoid excessive contact with skin and use good personal hygiene.

Issue Date: 5/12/88

Revised Date: 6/21/11
