

LEWCO 332-2L

Light/Medium Weight Fiberglass Fabric

Product Specifications

LEWCO 332-2L is a light weight, inexpensive, woven, nonflammable, asbestos free fiberglass fabric suitable for light sparks and spatter when used in welding, metal cutting, and grinding operations. This material should be oriented as a curtain or draped downward to allow hot metal to roll off. This material should not be used to catch and hold molten slag. LEWCO 332-2L has been tested and meets NFPA 701-1999 Fire Tests for Flame-Resistant Textiles and Films Method 1.

Typical Properties

Weight	13.75 Oz./Sq. Yd.
Thickness	.025 Inches
Weave	Satin
Construction	Warp – ECG 37 1/0 Fill - ECG 11.6T
Thread Count	48 x 14
Breaking Strength	500 * 400 W F
Maximum Temperature	1100 ° F
Melt Point	1523 ° F
Width	60 Inches
Roll Length	50 Yards
